**Why Clarity is right for you —**

The Clarity Solution gives you full control of the content, creation and delivery of your communications without disrupting your current workflow.

**Benefits**

- Easy to implement
- Fast, efficient, flexible kit/booklet design
- Eliminates waste
- Saves time

**What the Clarity Solution does —**

The Clarity Solution creates dynamic templates from your existing documents. Those templates can then be combined with variable data through a simple online interface.

**Bottom line**

- A flexible system for custom booklet and kit creation
- A single, unified system for managing and delivering booklets and kits both electronically and in print

**How the Clarity Solutions works —**

Clarity evaluates both your existing communications and the unique demands of your business to develop a custom software solution.

**Features**

- Create custom content
- Preview online
- Track production status
- Search online
- Order in bulk
- Create reports
